the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million (1990–1999), and the number of people in the public sector who are employed in health care has increased by 1.2 million (1990–1999) (Department of Health 2000).

There is a growing emphasis on the need to improve the quality of care provided by the public sector, and to ensure that the public sector is able to meet the needs of the population. This has led to a number of initiatives, including the introduction of the Health Act 1999, the establishment of the National Health Service Commissioning Board, and the introduction of the Health Service Act 2008. These initiatives are aimed at improving the quality of care, and ensuring that the public sector is able to meet the needs of the population.

The Health Act 1999 was a landmark piece of legislation, which introduced a number of reforms to the NHS. These reforms included the introduction of the Health Service Act 2008, which introduced a number of reforms to the NHS, including the introduction of the Health Service Act 2008, which introduced a number of reforms to the NHS, including the introduction of the Health Service Act 2008, which introduced a number of reforms to the NHS.

The Health Service Act 2008 was a landmark piece of legislation, which introduced a number of reforms to the NHS. These reforms included the introduction of the Health Service Act 2008, which introduced a number of reforms to the NHS, including the introduction of the Health Service Act 2008, which introduced a number of reforms to the NHS.

The Health Service Act 2008 was a landmark piece of legislation, which introduced a number of reforms to the NHS.
