## Wodzistaw Eco-Rally

Silesian  
Voivodeship

Miasto  
Wodzistaw Śląski

Integrated LIFE project "Silesia, Blue Sky Restored". Comprehensive implementation of the Air Quality Plan for the Silesian Voivodeship. LIFE20 IPE/PL/000007 - LIFE-IP, AQP-SILESIA-SKY

# Wodzisław Eco-Rally

**When:** 5 June 2025, 09:00 - 14:00

**Where:** Rodzinny Park „Trzy Wzgórza”, ul. Franciszka Matuszczyka, Wodzisław Śląski

**Who:** Patrycja Janik, eco-manager of the Municipality of Wodzisław Śląski

Wodzisław Eco-Rally is a unique event that combines physical activity with environmental education. Student teams will compete along a designated route, passing through educational checkpoints focused on ecology, nature conservation, and sustainable living. Participants will not only test their athletic abilities but also gain knowledge about the circular economy, air quality, and biodiversity.

Along the route, various educational stations will introduce topics such as environmental protection, the importance of recycling, and how daily choices impact nature and air quality. Through interactive tasks and challenges, participants will learn effective ways to reduce waste, support biodiversity, and adopt a more sustainable lifestyle.

One of the key attractions will be a wildlife exhibition, organized by the Hunting Club "Pod Klonem", where participants will discover different bird species and learn how human activities affect their natural habitats and what can be done to protect them.

Another highlight of the rally will be a beekeeping showcase, hosted by the Beekeepers' Association in Gorzyce, where attendees will explore the crucial role of bees in ecosystems and how to support their survival. The event will also feature a honey tasting session, demonstrating the importance of pollinators for sustainable food production.

The rally will conclude with a bonfire gathering, providing an opportunity for integration, reflection, and a recap of the key takeaways from the event. Wodzisław Eco-Rally is not just a sports competition but also a hands-on lesson in ecology, demonstrating how an active lifestyle can go hand in hand with caring for the environment and improving air quality.

***This event is organized as part of the LIFE project "Silesia. Blue Sky Restored."***

*I invite you
